

3 EASY PUZZLE GAMES WITH LEGO DUPLO

There are so many different ways to play with LEGO® DUPLO® (there are 24 different ways of connecting just two of our larger bricks) so we know that a little inspiration can go a long way.

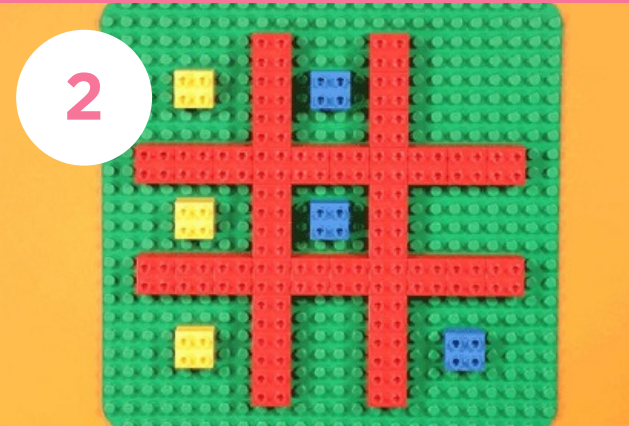

We have compiled three of our favourite puzzle games that require minimal set-up, and provide maximum fun!

Puzzle 1: Memory Pairs

Use paper cups to hide matching DUPLO bricks or colours under, and place the cups in a grid. Like a game of memory, the player with the most matching pairs at the end wins!

Puzzle 2: Noughts and Crosses

Set up a game using a LEGO base plate and DUPLO bricks, instead of paper or chalk!

Puzzle 3: Fit The Shapes Puzzle

Draw around some LEGO DUPLO bricks to create a shape on a piece of paper – then encourage your child to fit the bricks inside it!

WHAT YOU'LL NEED:

LEGO DUPLO bricks in various colours, a base plate, paper cups, pencils and paper.

Your imagination!
